STATUS INQUIRY/RESUBMISSION OF RESPONSE

Sir:

An inquiry this date to the Group Receptionist as to the status of the above identified patent application revealed that the USPTO database did not indicate entry of our response filed July 9, 2001.

Enclosed herewith is a verified, true copy of the papers submitted on July 9, 2001 in response to the U.S. Patent Office action dated June 20, 2001, along with the USPTO OIPE stamp dated July 9, 2001, indicating receipt of the response, along with the Floppy disc on that date.

It is respectfully requested that the above filing be indicated as having been received on July 9, 2001, and the case be taken out of turn to receive expedited action in light of this almost four (4) month delay it has undergone

due to the apparent mishandling or misplacement of the originally July 9, 2001
filed response.

Respectfully submitted,
